After discussion of what can and is being done to separate personnel for safety, Wilkinson moved to approve a COVID-19 policy that while there is a need to separate employees for safety that department heads will develop schedules to separate employees as much as possible. Should full-time employees be sent home they will be compensated at their regular rate up to a forty (40) hour work week. Furthermore, department heads will take into consideration that some employees may be at home providing care to displaced school children and response time to a call-out may be more than the one-half hour requirement. Shaffar 2nd; motion passes 5-0 roll call. The clerk was instructed to start at schedule for the clerks' office that would separate herself and the deputy clerk as much as feasible.
