

The City of State Center is accepting applications for a temporary part-time City Laborer.

The duties can range from filling potholes, trimming trees, picking up trash, cleaning bathrooms, setting utilities poles, running machinery, and filling in as needed per departments workload. Some of the job duties of the laborer typically involve working outdoors, which means exposure to the elements. Because some of the work is physical, a city laborer should be in good physical condition.

A valid Iowa Class B commercial driver's license with airbrakes endorsement with satisfactory driving record required within 30 days of hiring. A pre-employment drug screen is required. Must be 18 years of age per Iowa Code 92.8.

The wage for the city laborer is \$18.00 and will be approximately 32 hours/week. Applications can be picked up at City Hall, 118 E. Main St., State Center or found on our city website: statecenteriowa.org. Applications will be accepted until the position has been filled.
